Our School

Small World Christian Kindergarten (Small World) was established in 1986 with only 8 students in one morning class. Since then, the school has grown to over 250 students across half day classes in the morning and afternoon. We have seen the positive impact that sharing God’s love can have on our students, and their families, as we aim for two goals - to develop and teach the whole child, while engaging and building our community. We truly seek to establish the vision of our sponsoring body - Generation Christian Education - to see generations of Hong Kong children receiving sound biblical, moral foundations.

We offer parental support and classes through various extra-curricular parenting and helpers courses. As part of our community focus, we continually reach out to other community organizations to help them serve the needs of their particular constituencies. Being housed in a Grade 1 historic building, we can offer bright, indoor, differentiated class rooms, an outdoor playground and multiple outdoor areas to enhance classroom teaching and learning.

Our Curriculum

As a Christian kindergarten, we base our curriculum on the Bible and its principles for everyday life and learning. The children learn through listening, experiencing, participating and playing. We utilize a sensorial approach and the Early Years Program of the International Primary Curriculum (IPC) integrated with a biblical worldview curriculum. Incorporated within this framework is also daily Mandarin exposure through song, dance and cultural activities. Through these curricula the children grow in self-awareness and confidence to attempt various academic, social and physical challenges. They also gain perspective of the world and others around them as valuable and precious in God’s sight.

Our Staff

Small World has been blessed with quality, professional staff that share and embody our vision and mission – modelling God’s love for our students and families. Our staff represent five continents, offering international perspectives that enrich the educational experience of our students. All teaching staff are early years trained and registered with the Hong Kong Government’s accreditation body.

How to Apply

For details about our application procedure and to download all application materials, please go to our website: www.smallworld.edu.hk.

Admission Criteria includes: Appropriate age of the child at the time of application and available space in the desired session. An interview will be conducted by our Principal and members of the senior teaching staff to determine if the child is ready to enter school.
